**A word from your Golf Course
Superintendent: Andy Woolston**

andywoolston@cypresslakesgolfclub.net

Spring is here! Of course we will have a few more cool days to deal with, but we should start seeing much warmer weather as we progress through the month.

We will be opening up the new tees on #1 and #10 and hope to sod the other tees under construction in a week or two depending on weather. We also are hoping to finish other projects when it dries out enough.

Thank you for supporting the club. Because play has been up, the Board has been very generous and has taken much of the revenue and put it back into the course. You should be able to see most of our new equipment in operation this spring. This should result in better playing conditions.

Thank you for making Cypress Lakes a fun place to play golf and work.

Andy

Turf tip:

Now is the time to apply mole cricket and fire ant control. You will also want to fertilize your lawn.

Pro Tip of the Month

Want to improve your game?

You need to improve the way you practice. I see many of you hitting range balls (and that is a good thing) but I don't see many of you practicing the short game. If you want to get better, determine the amount of time your practice session will be and then split into 1/3's:

- 1/3 putting & chipping
- 1/3 pitching & bunkers
- 1/3 driving range

Try this out for a few months and I promise you will improve.

Try these tips and I promise they will help your game.
Good Luck! John
