**A word from your Golf Course
Superintendent: Andy Woolston**

andywoolston@cypresslakesgolfclub.net

Our summer started out on the dry side. Of course things usually even out in time. The last few weeks of July have been extremely wet, which has slowed down our improvement projects. We will try to pick up where we left off as things dry out. Thank you to the people who stayed on the cart paths when things were soggy.

We will be aerifying greens August 17th & 18th. Thank you for your support as we strive to make Cypress Lakes a fun place to play golf.

Agronomy Tip:

Now is the time to start planning on fall preemergent herbicide for the fall. As we get to the end of the month you will want to stay away from high nitrogen fertilization and go with higher P&K rates.

Andy

Golf Humor

It's not whether you win or lose that counts, it's whether I win or lose..

Rule of the month:

Question: There is a small rock behind my ball in a bunker. Can I remove it?

Answer: Yes, new rules allow you to remove loose impediments in a bunker

Rule: 12.2b

Pro Tip of the Month

Tighten up your heads.

If you have a driver, fairway wood, or hybrid that has an adjustable head, you need to tighten it up periodically (once per month). These type of heads have a tendency to loosen on their own. If not tightened you can break the shaft. It is not cheap to replace the shafts. If you need help with it, swing by my office and I'll be glad to do it for you.

Try these tips and I promise they will help your game. Good Luck! John
