## **A word from your Golf Course Superintendent: Win Thomas** [winthomas@cypresslakesgolfclub.net](mailto:winthomas@cypresslakesgolfclub.net)

The end of another growing season is upon us. This means that Holidays are right around the corner. On behalf of the maintenance crew, I would like to thank you for all the support and wish you a safe and Happy Holiday Season.

Overseeding has been completed. The tees (3-way perennial ryegrass) are coming along nicely; however, the greens (*poa trivialis*) are responding more slowly. Look for green speed to become more consistent as the overseed matures.

Frost delays are the bane of all superintendents – we have already experienced two delays this year. Agronomic principles prevent us from allowing you to play on frosted turf. Each frost delay is unique and there is no cook book answer for handling frost. 38 degrees Fahrenheit (read at the maintenance shop thermometer) seems to be the magic number. If the air temperature in the shade is less than 38 degrees, frost remains. Rest assured that we utilize all available resources to prepare the golf course for play as soon as possible following a frost delay. Thank you for your patience and cooperation.

If you have comments or suggestions, feel free to stop by the office or call me at (850) 937-3887. My doors are always open and I look forward to hearing from you.

*Win*

## **Turf Tip of the Month**

Fallen leaves will utilize plant nutrients in the process of breaking down. It is important to remove leaves from your lawn. If you can store and harvest leaves and debris, they will make great compost this time next year. Hold off on pruning ornamental trees and shrubs until mid-January to late February (only prune during months that end in "ARY"). Insect and disease damage is still possible if you prune too early.

### **Pro Tip of the Month**

Remember the 45

What does this mean?

Remember the 45 means that if you maintain a 45 degree angle with your club shaft in four positions, your club is staying on plane and more solid shots will follow.

- Position One: At address
- Position Two: At waist high on backswing
- Position Three: At waist high on downswing
- Position Four: At IMPACT

Try these tips and I promise they will help your game. Good Luck! John
