game.*

***YOU WILL HAVE
MORE FUN!!!***

A word from your Golf Course
Superintendent: Win Thomas
winthomas@cypresslakesgolfclub.net

The end of another growing season is upon us. This means that Holidays are right around the corner. On behalf of the maintenance crew, I would like to thank you for all the support and wish you a safe and Happy Holiday Season.

Overseeding was rather successful considering the climatic conditions experienced the past couple of months. Look for green speed to become more consistent as the overseed matures.

Frost delays are the bane of all superintendents – we have already experienced two delays this year. Agronomic principles prevent us from allowing you to play on frosted turf. Each frost delay is unique and there is no cook book answer for handling frost. 38 degrees Fahrenheit (read at the maintenance shop thermoeter) seems to be the magic number. If the air temperature in the shade is less than 38 degrees, frost remains. Rest assured that we utilize all available resources to prepare the golf course for play as soon as possible following a frost delay. Thank you for your patience and cooperation.

If you have comments or suggestions, feel free to stop by the office or call me at (850) 937-3887. My doors are always open and I look forward to hearing from you soon.

Win

Turf Tip of the Month

Fallen leaves will utilize plant nutrients in the process of breaking down. It is important to remove leaves from your lawn. If you can store and harvest leaves and debris, they will make great compost this time next year. Hold off on pruning ornamental trees and shrubs until mid January to late February (only prune during months that end in “ARY”). Insect and disease damage is still possible if you prune too early.

Tee sign sponsors (Please support our member's businesses)

#1... Wayne Hood (Underwood Anderson & Associates.....434-5526)

#3...Dr. Bob Cowan member #5450 (Accupunture Chiropractic Center469-9633)
