Spring is here and the weather is perfect for golf. Starting April 12th our very popular **Spring Golf League** begins. If you are not familiar with the league, here's the breakdown:

- 2-Person Scramble
- 9 holes
- Thursday at 5:00pm
- 10 week commitment (subs allowed)
- Maximum hcp 25
- Team hcp is 15% of combined handicaps and changes after week two based on your team average score.
- Sign up in the TV room
- DEADLINE: April 10th or the 1st 32 teams that sign up.

March is finally here (don't forget Daylight Savings Time begins 11 March)! Longer, warmer days are right around the corner. Very soon work on winter projects will end and we will be spending all our time mowing. It has been a tough winter and the course is beginning to show signs of stress.

We will be treating the course for mole crickets with a "slit in" application of Fipronil (Chipco Choice) on March 28th & 29th. This application should have no impact on play.

If you have comments or suggestions, feel free to stop by the office or call me at (850) 937-3887.

Turf Tip of the Month

It is time for broadleaf weed control and fertilization in your lawn. Dual-purpose products are available at your local home center. Obtain rates and procedures from your County Extension Agent. In Escambia County call 475-5230 and in Santa Rosa County call 623-3868. Be sure to mention the desired turf species of your lawn (herbicides are not safe to use on all turfgrasses).

Pro Tip of the Month

Keep your right hand connected during transition

Nearly eight out of ten people I teach have a problem with keeping their right hand connected with their left (opposite for lefties) during the transition of their back swing and down swing. This problem will cause many of your miss hits like “pulling the ball”, “snap pull hooks” & “topping the ball”. One way to check to see if you have this problem is to take a back swing and stop it at the top. Then look at the palm of your right hand and see if it is still touching your left thumb. If there is any separation at all, you would be one of the eight I mentioned above. This is one of the most important pressure points of the grip. Keep pressure on your left thumb with your right palm during the transition to correct the problem. If you correct this problem, straighter and more solid shots will follow.

Try these tips and I promise they will help your game.

Good Luck! John

Etiquette of the month

Do a good job raking the bunker before you leave it. Ask yourself if you would be OK if your ball was in the area you raked.
