Rule of the Month

Question: Can I use a putter type grip for a club other than my putter?

Answer: No, a grip must be round in nature for all clubs with the exception of the putter

Rule: Equipment Rules

Good Luck! John

**A word from your Golf Course
Superintendent: Andy Woolston**

andywoolston@cypresslakesgolfclub.net

May is typically our transition month as the cool season grasses fade out and the warm season grasses take over. The same thing is happening with weed populations. We have cool season weeds and warm season weeds. That is why it is an ongoing effort to control them. May is also the true kickoff to our growing season. We green up before May, but the turf is not filling in or recovering. Our driving range tee along with some of our other tees took a beating this past winter. We are going to resurface a couple more of the tees and will be fertilizing to grow in the thinner tees.

We are going to be doing driving range work this month. We will need to close the range while some of the work is being done. If you are just coming to use the range you may want to call ahead. We are also doing weekly maintenance on the range Tuesday mornings after 9:00am.

May 13 & 14th we will be displaying our new equipment fleet by the flagpole. Thank you for your continued support.

Tip of the month:

Now is a good time to fertilize your lawn and sharpen your mower blade.

Let the Aces Fly!!!!

Milt Dereyna aced #14 on April 8th using a 9-iron from 130 yards.

Tod Lawyer aced #17 on April 15th using an 8-iron from 125 yards.

Eva Grissom also aced #17 on April 17th using a pitching wedge from 80 yards.

XuAn Vu aced #4 on April 25th using an 8-iron from 105 yards.

Congratulations!!!!

Pro Tip of the Month

Summer time heat is about to arrive and can be very hard on your clubs if you keep them in the trunk of your car or in your garage. The temperature gets so hot that it actually can melt the glue that holds on the head. This can cause the head to fly off or become loose. The heat is also not good for the grips, causing them to melt and rub off on your glove or hands. This will seriously shorten the life of your grips.

With this said about grips, I am offering 15% off all grips in stock in the month of May.
