Callaway Demo Day
August 22nd
10:00am – 2:00pm

Come out and try all the latest and greatest Callaway has to offer. Some of the equipment is so new it's not even in stores yet.

Contact me if you would like to be fitted and put on the fitting machine. We will be taking appointments from 10am-2pm

Check out our Facebook Page
<https://www.facebook.com/pages/Pensacola-Golf-at-Cypress-Lakes-Golf-Club/1380235965530510>

Congratulations to Dorothy Johnson for winning the Jones Flight on The Golf Channel Am Tour at Craft Farms Cypress Bend Course in Gulf Shores, AL on July 19, 2015

Tee it Forward!!!
Give it a try. You will have more fun.

**A word from your Golf Course
Superintendent: Win Thomas**
winthomas@cypresslakesgolfclub.net

Transition is complete on putting greens. We will continue periodic verticutting and light topdressing throughout the Bermudagrass growing season to ensure quality playing conditions.

Torpedograss, Goosegrass, Crabgrass and Nutsedge are the weeds we are in the process of controlling. Herbicides used to control these weeds will cause some temporary yellowing to Bermudagrass. Expect this yellowing on the greens, fairways, tees, green and tee slopes over the next few weeks as we attempt to eliminate weeds.

Our next "Drill aerification" of the putting greens is scheduled for Monday, August 24th. This is a full day operation that will cause some inconvenience. Please check the tee sheet in advance to limit confusion and frustration. Aerification is one of the necessary evils of golf course management.

Win

Turf Tip of the Month

As we approach the "dog days" of summer, you may notice your lawn is under stress. Raising the mowing height is a great tool to allow the turf plant every opportunity to deal with stress and recover.

Win

FootGolf Magazine

<http://www.thisisfootgolf.com/>

Pro Tip of the Month

Keep your spine angle the same throughout your back swing and down swing until impact. To see if your spine has moved, take a backswing and stop it at the top. Your spine angle should not have changed positions. Another way to see is to swing with your shadow in front of you. If your head moves before the impact position, your spine is moving. Spine angle movement is one of the major causes of miss hit shots.

Try these tips and I promise this will help your game.

Good Luck! John

*Help keep the course in great shape by **not** using your putter head to get the ball out of the hole. Please either use your hand or a device designed to get the ball out of the hole (we do have them available in the Pro Shop). Thank You!!*

Ladies Golf Association Wednesday Winners

The LGA is taking the summer off from playing organized events on Wednesdays but will return in a few months.

Rule of the month

Question: My shot plugged into the bank on #14. It was not in the water and there were no stakes or hazard lines. How do I know if my ball is in the hazard or if I get free relief from the embedded ball rule?

Answer: The ball would be considered in the hazard. The hazards "natural boundaries" defines the water hazard if it is unmarked.

Rule: 26/2 in the decisions

Did you know that?

Weekly Dogfight Winners

July 2nd ...Joe Murphy +10
July 9th ... Ray Gambill +6
July 16th ...Lynn Linton +8
July 23rd ... (tie) Bob Lake & Paul Kattau +3
