A word from your Golf Course

Superintendent: Win Thomas

winthomas@cypresslakesgolfclub.net

We will be aerating putting greens beginning Monday June 8th. The operation will take two days to complete. Restrictions will be placed on use of holes being aerified. Please check the tee sheet at the front desk in the pro shop. We will aerate back nine greens Monday and front nine greens Tuesday. Tees will be aerified later that week but will not interfere with play.

Fairway definition is created when a difference is noticed in the mowing height of the rough and fairway. The recent warm temperatures and application of fertilizer will accelerate plant shoot growth creating the definition we all desire. A plant growth regulator will be applied to the fairways later this month to help reduce the clumping always present during the summer months.

Feel free to stop by the office or call me at (850) 937-3887 if you have any comments or suggestions.

Turf Tip of the Month

It is time to control for mole crickets. Some areas have reported egg hatch and control measures are most effective when the crickets are in the nymph stage. Please contact your local county extension agent for product recommendations, rates, and timing of application. In Escambia County call 850-475-5230 and in Santa Rosa County call 850-623-3868.

Ladies Golf Association Wednesday Winners

“Low Putts”

- 1st ...Elsie Bass
2nd ...Dot Johnson
3rd ...Claudia Jones

The LGA is taking the summer off from playing organized events on Wednesdays but will return in a few months.

Rule of the month

Question: I started my round playing the black tees but accidentally teed off from the White tee markers on the 4th hole.

Answer: As long as you do not start the next hole, you must fix the error and re-tee and play the hole from the Black tees (+ 2 penalty strokes). The tee shot from the wrong tees and any subsequent shots do not count.

Rule: 11-4b

Did you know that?
