***Tee it Forward!!!
Give it a try. You will have more fun.***

**A word from your Golf Course
Superintendent: Win Thomas**
winthomas@cypresslakesgolfclub.net

On behalf of the maintenance staff, I would like to extend congratulations to the winners of all Club Championship flights.

The tees have been overseeded, however, we have delayed overseeding of the greens until after the United Way tournament (Nov 6th). Just a reminder, in order for the seed to germinate it has to go through numerous wet/dry cycles. We will randomly apply water through the irrigation system to achieve this. I apologize for any inconvenience, but assure you that it is necessary.

If there are areas of the golf course you feel need attention, please feel free to voice your opinion. We will compile and prioritize your list of concerns and resolve the problems as soon as possible. We take a lot of pride in what we do and ask only that you continue to provide feedback. Without your input, we can not improve. I personally invite all comments and criticisms and will do my very best to comply. Feel free to stop by or call the office at (850) 937-3887.

Win

Turf Tip of the Month

It is nearing time to put your mowers away for the winter. Be sure to fill the fuel tank and use a fuel stabilizer. This will prevent moisture from collecting and ensure longer engine life. Clean your mowers thoroughly to remove all clipping debris and buildup. Moisture collects in the buildup and causes mower decks to rust. During the winter months, sharpen mower blades and coat with a light film of oil to prevent rust.

Pro Tip of the Month

Two easy things to remember when you are putting and chipping:

“Y” & “y”

Capital “Y” when you putt and little “y” when you chip.

Visualize your arms and your putter creating a capital “Y” (your elbows can be bent but they do not have to be). Then when you putt, the only thing that moves is your “Y” and it does not change shape throughout the entire putting stroke (i.e. your wrists do not break).

Now with your chip shot, your left arm (right for lefties) and the club form a straight line with your right arm (left for lefties) forming the small part of the “y”. When you chip, do not allow the “y” to change throughout your entire stroke (i.e. never allow the club head to pass your hands and once again, the wrists do not break). Unlike with putting, your body does twist a little.

**Try these tips and I promise
They will help your game.
Good Luck! John**
