**A word from your Golf Course
Superintendent: Andy Woolston**

andywoolston@cypresslakesgolfclub.net

September should be a little less humid, if we
can avoid getting any tropical systems coming
our way. We are still busy with mowing and set
up on a daily basis. This month we are also
spraying pre and post herbicides to suppress
weeds. Our continued goal is and always will be
to improve the golf course. Some upcoming
improvements include more cart path work and
a project to start grinding down roots.

We had a couple key people move on and
filled their positions with new faces. I was once
again reminded that there is no substitute for
experience. One of our biggest needs is someone
who understands golf irrigation. Our system is
old and needs constant updating. If you know of
anyone who might be interested in helping us
out, that has irrigation or golf maintenance
experience, please have them contact me. (850-
937-3821)

Cooler temperatures are sure to be coming
soon and a little rain wouldn't hurt.

Turf tip:

Late season fertilizer should contain a high
percentage of Potassium. There are three
numbers on a fertilizer analysis. The first number
is Nitrogen, second is Phosphorus, and the last
number is Potassium. Potassium is important for
root development, increases plant hardiness, and
aids in spring green up.

Andy

Rule of the Month

Question: If my ball is interfered by a stick in a
bunker, can I move the stick?

Answer: Yes, you can remove a loose impediment
anywhere on the golf course.

Rule: 15.1a

Good Luck! John

Pro Tip of the Month

Oldie but goodie

Tighten up your heads.

If you have a driver, fairway wood, or hybrid that has an adjustable head, you need to tighten it up periodically (once per month). These type of heads have a tendency to loosen on their own. If not tightened, you can break the shaft and it is not cheap to replace it. If you need help with it, swing by my office and I'll be glad to do it for you.

Practice Tip:

Based on an hour practice session

- 10 minutes putting
- 10 minutes chipping
- 10 minutes pitching
- 10 minutes bunkers
- 20 minutes range

Think about this:

2/3 of your strokes are short game shots, therefore it should make sense that 2/3 of your practice session should concentrate on the short game.

Practice smarter and play better.

Visit Our website:

www.cypresslakesgolfclub.net and you will find a library of past newsletters with monthly tips.

Good Luck! John

Do you want to enjoy golf more????? Get a golf lesson

LGA Wednesday
Play Day

Off for the summer!
Start back September 4th

Look who made a hole-in-one!

Patrick Leftwich aced #4 using a 9-iron from 148 yards. This was Patrick's 2nd ace.

Enjoy the game more

by playing the right tees for you. Follow this guide and you will have more fun.

Good Luck!

Our Tee Guidelines:

- #1 tee: 250+ yard avg. drive
- #2 tee: 225-249 yard avg. drive
- #3 tee: 200-224 yard avg. drive
- #4 tee: 175-199 yard avg. drive
- #5 tee: 150-174 yard avg. drive
- #6 tee: 125-149 yard avg. drive

Etiquette 101

PLEASE, PLEASE, do not leave sunflower seed shells on the putting green. It is an unnecessary obstacle to have to deal with as a player AND it is not sanitary for those having to remove them.

Senior Golf Association Monthly Golf Tournament
