**A word from your Golf Course
Superintendent: Andy Woolston**

andywoolston@cypresslakesgolfclub.net

This month we will be focusing on weed and insect control. We will again have a company come in to slit in Fipronil which controls mole crickets and fire ants. This is planned to take place Wednesday the 25th.

The concrete company should be finishing up the cart path improvements on #5 this month. The introduction of the range matts has helped significantly with the turf quality of our driving range. Allowing it time to heal from the constant usage. Beginning in March, we will begin coming off the matts when it is not sloppy wet on Friday, Saturday, and Sunday. This month we will start closing the driving range for maintenance every Tuesday from 10:30am- 1:00pm. Thanks for your support as we do our best to make Cypress Lakes a fun place to play golf.

Tip of the Month:

March is a transition month with ever changing conditions. This is hard on many plants because they are coming out of dormancy and have tender new growth. We need to continue to be aware of low temperatures and cover your flowers and plants if necessary. It is best not to overfeed plants until the weather gets more consistent.

Andy

Hole-in-One!!

Congratulations to Peter Kim for making his 1st ever ace on #4 using a 3-hybrid. Mr. & Mrs. Park and Mrs. Kim witnessed the rare shot.

Rule of the Month

Question: Is it against the rules to anchor your putter against your forearm?

Answer: No, you cannot directly anchor a club against any part of the body EXCEPT, against a hand or forearm or indirectly through the use of an "anchor point" by holding a forearm against any part of the body to use a gripping hand as a stable point around which the other hand may swing the club.

Rule: 10.1b

Good Luck! John
